THE AI SUMMIT: DR. ROBERT DALE, LONDON

Business That Embrace Artificial Intelligence Will Thrive

Dr. Robert Dale was invited to be a guest speaker at the AI Summit in London this month—an event dedicated to artificial intelligence for the business world. The Conference addressed the impact AI is having on businesses and how it’s already being implemented in most industries spanning finance, healthcare, manufacturing, utilities, media, and more.

NEWS MEDICAL: PROF. EHUD REITER, USA

Artificial Intelligence in Healthcare

Ehud Reiter speaks on ways NLG is being used in healthcare and what it means for patients. [MORE >](#)
