

24 October 2016

Arria NLG plc

("Arria NLG" or the "Company")

### **Financing update**

Arria NLG (AIM: NLG), a leader in Artificial Intelligence and Natural Language Generation ("NLG"), is pleased to update that pursuant to the announcement made on 3 October 2016 regarding the subscription by investors of approximately £2.7 million of unsecured convertible loan notes ("Loan Notes") with C warrants attached, it has received £622,000 relating to those Loan Notes. The remaining funds are expected to be received in the coming weeks.

Subscribers to the Loan Notes receive two unlisted warrants to subscribe for new ordinary shares in the Company for each US\$1.00 invested in the Loan notes, exercisable up to 11 June 2019, at 12p per new ordinary share (the "C Warrants"). Therefore, this tranche of Loan Notes results in the issue of 1,591,338 C Warrants.

## Arria NLG

Arria NLG's core product is known as the Arria NLG Platform, a form of artificial intelligence software, specialised in extracting information from complex data sources and communicating that information in natural language (i.e. as if written by a human). The scientific foundation for the Arria NLG Platform is based on more than 30 years of research and development by the Arria|Data2Text Founders at the University of Aberdeen.
